Guide for Air Quality Compliance for the Oil & Gas Industry

This free on-demand webinar series is designed to provide air professionals with a practical guide for navigating the complex air-quality monitoring, recordkeeping, and reporting requirements affecting the oil and gas industry.

Learn about the following US air-quality regulations in this series:

- Part 1: Basic air-quality permitting and regulatory concepts
- Part 2: The U.S. EPA's Greenhouse Gas (GHG) Mandatory Reporting Rule (MRR)
- Part 3: New Source Performance Standards (NSPS) Subparts OOOO/OOOOa
- Part 4: Managing Leak Detection & Repair (LDAR) Programs
- Part 5: Federal Engine Rule Compliance
